PROFESSIONAL SUMMARY

Mid-level Flutter developer with 3+ years shipping production Android and iOS apps to Google Play. Owned Flutter Architecture, Agile, sockets, Payments, live tracking, Sentry, and platform channels. Native Android (Kotlin) on MyFawry (10M+ Play Store installs). Open to a mid-level Flutter role.

TECHNICAL SKILLS

Flutter, Dart, Android, Kotlin, iOS (Flutter), Clean Architecture, Cubit, BLoC, REST APIs, Git, WebSockets, Pusher, Agora, Paymob, Firebase, live tracking, payment gateways, platform channels, MethodChannel, background services, Sentry, Agile, Google Play, App Store.

PROFESSIONAL EXPERIENCE

Glitch Fix — Mobile Development Lead (Flutter)

Cairo, Egypt | December 2025 – Present

- Flutter lead: owned Architecture, Agile task distribution, Agora, sockets, background services, Sentry, and platform channels (Flutter ↔ Kotlin).
- Owned publishing to Google Play and App Store for 5 production apps.

Fawry — Android Developer

Cairo, Egypt | June 2024 – November 2025

- Native Android (Kotlin) on MyFawry in a large team: 10M+ Play Store installs and 170K+ reviews.
- Added payment services, improved performance, and worked with APIs and sockets.

Nofal SEO — Flutter Developer

Egypt | 2023 – May 2024

- Shipped 4 production apps to Google Play.
- Owned Pusher realtime and Payments on most apps; owned live tracking on the ride-hailing product (SEDA / SEDA Driver).

SELECTED PROJECTS

SEDA — Flutter · Nofal SEO · Google Play · 1K+ downloads

- My role: owned live tracking on passenger + SEDA Driver (1K+ downloads; matching and realtime location).
- My role: owned Payments and Paymob checkout.

MyFawry — Android (Kotlin) · Fawry · 10M+ Play Store installs · 170K+ reviews

- My role: added payment services in a large Android team on a national payments super-app.
- My role: improved performance and worked production APIs and sockets.

Artistic Theatre House (البيت الفني للمسرح) — Flutter · Nofal SEO · Google Play · 10K+ downloads

- My role: owned Firebase Auth for login and the account flow.
- My role: owned notifications and video for shows, listings, and booking.

Sky Academy — Flutter · Nofal SEO · Google Play

- My role: built course screens, the learning flow, and notifications.
- My role: owned the release gate — no store release until I checked it.

RAWA LIVE — Flutter lead · Glitch Fix · Google Play · 1K+ downloads

- My role: Flutter lead — tasks, Architecture, and publishing to Google Play and App Store (5 apps).
- My role: Flutter ↔ Kotlin channels; owned Agora, sockets, background services, and Sentry after release.

EDUCATION

B.Sc., Faculty of Electronic Engineering | 2020 – 2025
